

CALL FOR APPLICATIONS FOR THE AWARD OF RESEARCH FELLOWSHIPS  
Regulation on Research Fellowships pursuant to Italian Law no. 240/2010  
Politecnico di Bari, issued by Rectoral Decree no. 252 of 05/07/2016

Rectoral Decree no. 50 /2021

## Purpose

Applications are invited for the selection running at: Department of mechanics, mathematics and management of the Politecnico di Bari, for the award of:

-n. 1 post doctoral grant research fellowship, for the execution of research activities within the project entitled: *“Development of a multi-physics solver for fluid-structure electrophysiology interaction”*, according to the annexed Activity Programme:

*“The objective of the project is the development of a multiphysics framework for simulating complex fluid-structure interaction problems of engineering and biologic inspiration. The method has to accurately predict the elastic response of thin shells undergoing large displacements induced by an incompressible flow, as well as the propagation of an electrophysiologic stimulus over the tissue, with subsequent muscle contraction. To this aim, three components will be coupled in the context of partitioned algorithms: a direct numerical simulation flow solver; a displacement-based isogeometric shell solver; a monodomain solver for the electrical problem. The solvers will exchange data through a direct-forcing immersed boundary method based on a Moving Least Squares approximation. An active strain approach will convert the electrophysiological stimulus into a mechanical load. The robustness of the model will be validated by replicating complex real-life problems”*

The call for applications for the research fellowship issued pursuant to the University Regulation issued by Rectoral Decree (D.R.) no. 252/2016.

The activities shall be carried out under the supervision of a tutor, Scientific Responsible Prof. Marco Donato De Tullio in a non-subordinate relationship with no set working hours.

The main place of work will be: Department of mechanics, mathematics and management of the Politecnico di Bari, VIA ORABONA,4 , BARI, ITALY
